

IMPORTANT SAFETY RECALL NOTICE

Dear Suzuki Owner:

This notice is being sent to you in accordance with provisions of the National Traffic and Motor Vehicle Safety Act.

Suzuki Motor Corporation has decided that a defect, which relates to motor vehicle safety, exists in all 1999, 2000 and certain 2001 Grand Vitara vehicles. According to our records, you own one of the affected vehicles.

Under extremely cold ambient temperature conditions, moisture can freeze in the fuel pressure regulator. As a result, fuel system pressure may increase at the time of engine start up, resulting in fuel loss at the fuel pipe/fuel hose connection. Fuel loss in the presence of all ignition source could result in a fire.

To preclude the possibility of this occurring, your Suzuki dealer will replace the fuel pressure regulator and the fuel pressure regulator vacuum hose union on your vehicle at no cost to you.

Please contact your Suzuki dealer to schedule an appointment for this important Safety Recall. Instructions have been sent to your dealer and parts are available. This service can be completed in less than one hour, but your dealer may need to wait for your vehicle to cool down before starting the service work. Additional time may be required to schedule and process your vehicle. If your dealer has a large number of vehicles awaiting service, this additional time may be significant. Please ask your dealer how much additional time may be necessary. If you no longer own this vehicle, please complete the enclosed postage-paid reply card and return to us.

If your dealer does not make the correction without charge and within a reasonable period of time, we recommend you contact the American Suzuki Customer Relations Department at (800) 934-0934. If you are still not satisfied that American Suzuki and your dealer have done their best to make the correction without charge and within a reasonable period of time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, S.W. , Washington DC 20590 or call the toll-free Auto Safety Hotline at (888) 327-4236.

We regret any inconvenience this Safety Recall may cause, but we are certain you understand our interest in your safety and your continued satisfaction with Suzuki products.
